<b>TO:</b>  The File	<b>FROM:</b>  Lori Cohen	<b>DATE</b> 1/14/86 <hr/> <b>TIME</b> 4:30
<b>SUBJECT</b>  Pasco Sanitary Landfill		
<b>SUMMARY OF COMMUNICATION</b>  <p>I spoke to Flora Goldstein/Ecology re: EPA's January 9 letter w/monitoring recommendations. She indicated that the state would not be increasing the landfill monitoring requirements until after the additional EPA sampling effort in February. She said she did not believe there was enough data to substantiate additional monitoring, particularly off-site.</p> <p>I told her we would notify her of the date of the sampling effort as soon as we knew. She plans to be there to see the site and well locations.</p> <p>I indicated that EPA will be looking at the old commercial district for other possible sources of contamination. She said Carl Neuchterlain and Larry Peterson (Pete) may be good sources of information for that study. Lydia Reynolds will probably handle this aspect of the investigation.</p>		
<b>CONCLUSIONS, ACTION TAKEN OR REQUIRED</b>            		
<b>INFORMATION COPIES</b> <b>TO:</b> Marcia Knadle, Lydia Reynolds, Bob Kievit
